TYPES OF MEN COUNT

The theme of this Tamanawas is intriguing to the imagination and challenging to those who are interested in the anthropology of this country.

From whence came the aborigines of the Northwest, and when did they arrive? Much research and perhaps reasoning can answer these questions meagerly. The same soil, the rich deposits of mineral, the same climate, the expansive forests, the plants and shrubs, and the wild life were here in great profusion. All lay untouched and undiscovered.

The men of that day gathered from the surface that which supplied their unambitious needs. They looked upon the towering mountain. To them it was the giver and preserver of life, so they bowed down reverently and worshiped "the Mountain that was God."

But a new race with another civilization appeared. The undeveloped resources made a different appeal. Their trained vision saw beneath the surface. The towering mountain pointed to God as the giver of these gifts. This Northwest now presents an entirely different picture. It is a country known not only by those who live here, but around the world, as one of the garden spots of the earth. The change of inhabitants determined its destiny and multiplied its productivity.

A young man lay sick with a disease from which few recover. The individual corpuscles of his blood were steadily being destroyed. Transfusions of healthy blood had little effect. The physicians finally created a toxin from the blood of the young man and inoculated his father. When the father's blood became immune a transfusion of his blood was made. This blood was not only immune but it aggressively attacked the disease germs, destroying them.

The young men and women who go out from the College of Puget Sound should be immune to the attacks of anything which is low, groveling, unsocial, impure and unholy. If so, communities will be changed for their good. But added to immunity there must be the power and disposition to attack those evils of society which destroy it. These two elements must be present in the character of each and every person if communities are to be changed and civilization is to be advanced.

It is for this purpose that the College of Puget Sound exists. It rejoices in the fact that a large number of its graduates and former students are making the world of men better, purer and stronger, the land more productive and the scenery more accessible, and are raising humanity to a higher level.

Assistant Director

Enjoying one of its most successful seasons for some time, the Dramatic Art department closed its activities in May with the annual spring interpretation recitals and may look back upon three three-act plays and two nights of one-act plays during the 1939-40 season.

The Dramatic department's contribution to the Homecoming celebration was the mystery thriller, "The Cat and the Canary," which played October 26 and 28. Directed by Miss Martha Pearl Jones, who is now in her tenth year as head of the drama department, the cast included:

Wilbur Baisinger, who played the part of the West family's lawyer; Annabel Miller, the pretty heiress who is handed down a fortune by an eccentric uncle and then almost killed in an attempt to rob her of it; Dick McKnight, the stuttering hero; Richard Sloat, the murderer and insane member of the family; Garth Dickens, June Peele and Tad Burd, other members of the odd family; Charles Swanson, the asylum guard; Ernie Hessler, the wary doctor; and Mildred McKenzie, the East Indian servant.

The Cat and the Canary

CAST ONE, left to right: Ruth Pauline Todd, Keith De Folo, the professor; Irma Juelling; David Davies; Esther Sandstedt; Bill Melton, Anita Sherman; Rolland Lutz.

CAST TWO: Warren Westbo; James McClymont, Bill Brown, Bill Stewart; Patricia Glover; Dorothy Howard; Margarita Irle; Phil McElwain; Pegge Steele; Kathryn Woods; Betty Thralls.

Second Childhood

A novel scheme of casting was worked out in connection with the production of the rollicking comedy-farce "Second Childhood" which was directed by Dorothy Padfield, graduate director and assistant to Miss Jones, and presented on November 10th. Two casts were chosen to enact two separate halves of the comedy. The plot had to do with a professor who invented an "elixir of youth" which brought people back to their second childhood and provided the inventor with a pack of trouble.

The Servant in the House

Next Miss Jones cast "The Servant in the House," Charles Rann Kennedy's powerful five-act religious drama and after a number of successful performances throughout Western Washington, the Campus Playcrafters presented it at the First Methodist Church before one thousand members of the Washington State Youth Conference. The play concerned a vicar whose church and very family were going to decay before his eyes and the change that was brought about by a servant who was the Holy Spirit personified.

The cast of the "Servant in the House" included: Vicar, Neil Richardson; Martha, his wife, June Peele; Mary, their niece, Anita Misener; Mary's father, Richard Sloat; the Bishop, Wilbur Baisinger; Manson, a butler, Dewane Lamka; Rogers, a page boy, William Melton.

Freshman Stunts

Opening the year's program was the annual freshman stunt night which served to introduce the incoming students to CPS and to allow them to display their talents before what proved to be a "full house." These stunts were student written and directed, and went before the footlights as a climax to Freshman week.

One Act Plays

Last on the dramatic department's calendar for the year were two nights of one-act plays, one for the annual high school debate tournament and the others for the student body and their friends. All of these one-acts were done in workshop and directed by student directors.

The many helpers and stage crew members that helped on these one-act plays as well as the three-acts, deserve credit for their work—the unnoticed kind that goes on behind the scenes. They are Neil Richardson, dramatics manager; Willard Bellman, electrician; Cyril Hanson, stage manager; Clair Hanson, scene design; and Mathew Seto and Julius Beck, stage assistants.

Debate

The biggest year in forensic history, 1939-40, brought many additions to the debate team. Miss Lucille Meredith assisted Dr. Charles Battin by handling Freshmen debate and oratory. The highlight of the season was the Linfield College Tournament in February, the entire squad entering competition with thirty-five colleges from seven states. CPS made the semi-finals in every division. Margaret and Marie Gilstrap, Dewane Lamka, Larry Henderson, Sam Batt and Herman Kleiner reached the debate finals.

The registration for the High School tournament outnumbered all other years. This event has become interstate, Lewiston, Idaho, winning first place over sixty teams representing leading high schools in Washington.

CPS was host at the Sixth Annual Junior College meet in February. The following CPS teams were entered: Lucia Gjuka, Justine DeWolfe; Anita Wegener, Helen Hite; Pomla Norman, Ruth McCrea; Bob Hardy, Gene Albertson; Dick Dews, Russell Alsgaard; Herman Kleiner, Sam Batt; Bob Elliott, Frank Hanawalt.

The National Tournament in Knoxville, Tenn., climaxed the debate season. Larry Henderson, Dewane Lamka, and the Gilstrap twins entered in debate; Barbara Healy in oratory; and Justine DeWolfe was the representative at the Pi Kappa Delta unicameral Student Assembly.

Dewane Lamka won honors for CPS by making the semi-finals in debate.

The seven honorary societies at the College of Puget Sound serve not only to give credit to certain students for meritorious study but to bring together groups of students genuinely interested in a particular subject or activity.

There are two scholastic honoraries, two service honoraries, two departmental honoraries, and one activities honorary.

The requirements and activities of the groups are widely varied and offer students of CPS a number of interests and achievements.

Membership in Washington Alpha chapter of Pi Kappa Delta, national forensic honorary, is open to outstanding forensic students. This year six members from CPS attended the national convention of the fraternity in Knoxville, Tenn., where 155 colleges were represented. The delegates were Margaret and Marie Gilstrap, Barbara Healy, Justine DeWolfe, Larry Henderson, and Dewane Lamka.

Pending the establishment of a chapter of Phi Beta Kappa or of Sigma Xi on the campus, Mu Sigma Delta undertakes to perform functions similar to those preformed by the national organizations. A chapel program is given each year presenting the claims as a college activity. At this year's chapel program an address on "Scholarship and Democracy" was given by Dr. Holland F. Burr.

At the initiation banquet held at the close of each college year a distinguished speaker is invited to address the members. The 1939 speaker was Mr. John H. Binns.

A few students are elected to membership at the close of their junior year. Others are elected at the close of their senior year.

Y. M. C. A.

Two years ago the Y. M. C. A. was revived to give the men of the college greater opportunity to share in discussion and recreation. The past year this organization has kept two objectives in mind in working out a well-rounded program.

Fellowship, the first objective, became real in a stag party climaxed by apple cider, doughnuts and jui-jitsu. The first all-college hike was sponsored by the YW and YM jointly, and the regular meeting each Tuesday in the Little Chapel afforded opportunity for a type of mental exercise not practiced in the classroom.

The Tuesday meetings included brief stimulating discussions on the heavy issues presented by the world anarchy, labor strife, and religious speculation. One meeting brot to light handy information on how to behave (properly) when meeting, introducing, or escorting the college co-ed.

Y. M. C. A. meetings are open to all for the club wants to serve any who would benefit from its fellowship and standards. In its second year of revival the YMCA has become a more stable unit and thus gives promise of adding much to the life and standards of the campus in years to come.

The officers for the past winter were Gene Albertson, president; Ash Walker, vice-president; Mark Porter, secretary; Lee Thune, treasurer; Clair Hanson, recreation; Paul Lantz, publicity; Samuel Batt, freshman representative.

Flying Club

Last September a new and distinctive course was added to the College curriculum. It was the Flight Training course sponsored by the Civil Aeronautics Authority. At the beginning of the first semester twenty students signed up and began their ground school work under Dr. Raymond S. Seward. Three months later they eagerly reported at Mueller Harkins airport for their first flying lesson. From then on instructors Ben Barry, Bud Oswald, and Bert Thrasher had their hands full as the budding aviators diligently practiced spins, spirals, verticals, forced landings and the various other maneuvers in which a flyer must be proficient in order to qualify for his Private License. By the middle of June most of the participants will have accumulated the necessary 35 hours of flying time and have passed the examination for their license.

Bound together by a mutual interest in aviation, the flyers organized the College of Puget Sound Flying Club which is the first organization of its kind on the campus. Sherman Jonas was elected president; Warren Hoit, vice-president; Gene Hall, secretary; Harry Kaplin, treasurer; Bill Dickson, historian.

Inter-Sorority Council

Composed of presidents and representatives from each of the four social sororities on the campus, the inter-sorority council promotes a feeling of unity among the groups. Business for the winter included planning next fall's rushing rules and sponsoring an inter-sorority dance that was held in January.

Left to right: Barbara Wilson, Doris Granlund, Ruth Jensen, Mrs. Drushel, Frances Hoss, Dixie Thompson, Joan Roberts, Grace Howard, Peggy Goodman.

Comprising a central council by which difficulties and problems that arise among the fraternities may be solved and settled, the inter-fraternity council is made up of the president and an elected representative from each of the five fraternities. In addition to formulating rushing plans and other fraternity business, the council sponsored a dance which was held in May.

Queen Ruth Raymond presided over the annual May Day festivities that were held this year on May 3. Master of ceremonies for the occasion was Lyall Jamieson, ASCPS president

Japanese Students' Club

Organized only within the past year, the membership of the Japanese Student's Club numbered sixteen this year. In addition to social affairs, the club presented a chapel in March in which talented members of the club took part in singing and dancing.

Most notable activity of the year, however, was the gift to the college of sixteen Japanese cherry trees that have been planted in a friendship circle in front of the Residence Hall.

Officers for this year were Hitoshi Tamaki, president; Yoshiteru Kawano, vice-president; Masaye Jinguji, secretary; Mathew Seto, treasurer; Mayme Semba, historian; Kenny Hayoshi, publicity.

Coach Leo Frank and his Maroon and White gridders met the Cheney Savages in the first grid encounter of the 1939-40 season. The Loggers held the Cheney aggregation scoreless in the first half, but superior reserve strength told on the tiring Lumberjack in the third and fourth cantos. Madden and Maycumber were the Logger luminaries.

Whitman, 7

With Underwood, Madden, Neely, and Tucker proving to be the mainstays of the squad, the Loggers played the best game of the year against the always tough Whitman Maize and Blue.

Underwood scored on a long pass from Madden in the first half, and Lowe ran the count to 13 to 7 on a 60-yard touchdown run after a pass interception. Madden accounted for the final Logger tally in the dying moments of the game on a reverse good for 30 yards. It was the fifth consecutive CPS win over the Walla Walla squad.

The eventual Conference Champs were held scoreless for the first three quarters, and but for an injury to Underwood, star Logger end, the Badgers would have gone down in defeat. It was in this game that CPS was scored upon after the gun had sounded ending the contest.

Line play was exceptional in this tilt, and the showing made by the Maroon and Whites as a whole gave much to look toward for the coming seasons.

Using a squad that was riddled with injuries, the Loggers were held to a scoreless tie by an inspired Whitworth College eleven in the first home game of the year.

Spec Keene's Willamette Bearcats were scheduled for the homecoming game, but not even the prospect of playing before the largest crowd of the year was enough inspiration to overcome the battered condition that the Logger regulars were found to be nursing.

Central Washington College led the Tacoma squad 12 to 7 at half time, but with the Loggers driving during the second half the Ellensburg rooters went into a frenzy as Madden led the Maroon and White down field toward scoring territory.

A pass interception by an alert Normal player stopped the rally short of a winning score and added to the Central total.

In a game marked by offensive play, CPS jumped into an early 12 to 0 lead, but a sparkling Frosh back for the McMinville team tossed passes right and left to defeat the Loggers in their last game of the season.

Under the capable coaching of Louis O. Grant, the College of Puget Sound hoopsters brought the first conference basketball championship in Pacific Northwest Conference history into the fold during the 1939-40 season.

Using a starting lineup composed for the most part of Freshmen, Coach Grant won a

In circuit play the Maroon and White won six and lost two for a percentage of .750. College games alone gave the Loggers a .750 average also, as the wins outnumbered the losses 12 to 4.

Guarantee that CPS would have basketball material for several years to come was born out by the excellent showing of the Freshman basketball squad that won 8 and lost only 2 of the 10 games scheduled.

The starting squad found Granlund, Hanawalt, Bacon, Nelson, and Duncan in the lineup during most of the season. And the stellar work of these five players plus that of capable reserves will greatly enhance the chances of next year's varsity team.

To provide a place in the activities of the Women's Athletic Association and thence in the extracurricular activities of the school is the ultimate object of WAA. To foster participation in athletics, to promote qualities of leadership, good sportsmanship and cooperation and to offer democratic fellowship are the primary purposes of the organization.

Starting off in Freshmen Week with a Sports Spree for the women, WAA operates under a full program throughout the year. In October is held the annual invitational Play Day for the high schools of the county.

The Gym Jubilee, which is an exhibition of the achievements of the association and the Physical Education Department in the arts of Fencing, Basketball and Badminton, was held on March 30th with Lois Kuhl reigning as queen of the Jubilee. The Loggerettes, an alumnae team from the college, played and defeated a picked group from the college in the basketball game. The Badminton exhibition match was played by Louise Cales and Bud Barrett against Mary Ann Jelusich and Bob Sloat.

The Award banquet is to be held on the 21st of May and will complete the activities of the organization and the department for the year.

Officers for the year were Lois Kuhl, president; Ruth Jensen, general manager; Doris Granlund, vice president; Virginia Judd, secretary; Mary Reitzel, treasurer; Margarita Irle, historian; Vera Healy, program chairman; Louise Jayko, publicity chairman, and Mrs. Marjorie Mann as advisor for the group.

All Star Hockey

For the third time in as many years the hockey squad journeyed to Seattle to play against the University girls, playing to the second tie of the series. The girls were divided into two teams for interclass competition; the juniors and freshmen made one team and the seniors and sophomores the other. Games were played with the senior-sophomore aggregation on the winning end of the score. From these groups was chosen the All-Star team.

D. A. G. Basketball

Once again the Gamma sorority team won the intersorority basketball tournament. With Helen Pierce leading the scoring, and Doris Granlund and Doris Sommer holding down the big end of the defense system, the team marched straight on to victory with no defeats. The girls active in the interclass tournament entertained the girls from the University of Washington for an evening of play. Three games were played with the University taking two of them.

FRONT ROW, left to right: Virginia Judd, Doris Granlund, Elizabeth Bona. SECOND ROW: Mildred DeSpain, Doris Sommer, Mary Ogden, Manager.

Senior - Junior Volleyball

The Volleyball tournaments for the year, both interclass and intersorority, ended in ties necessitating a combining of two teams to represent the championship. In the interclass tourney the junior and senior teams divided the honors. Outstanding for the seniors were Lois Kuhl, Doris Granlund, Ruth Jensen; while the junior stars were Helen Berg and Helen Wiltchko.

Hiking

Hikes are led in both semesters of the year totaling twelve. The first six were led by Margarita Irle in the fall semester, and the second group is now in progress under the leadership of Muriel Woods. Walks around outlying districts of Tacoma and vicinity afford pleasurable enjoyment for many of the girls.

Muriel Woods and Margarita Irle.

Badminton

Badminton was so popular this year that the girls gave more time to it than to any of the other activities except basketball. Both intersorority and interclass tournaments were held. Outstanding in the sport were Louise Claes and Mary Ann Jelusich, with Doris Granlund and Lois Kuhl giving them good competition.

Louise Claes, Lois Kuhl, Mary Ann Jelusich, Doris Granlund.

Riding

Riding is offered through the physical education department for class credit. The girls ride at an academy on the outskirts of town and many meals are eaten from mantels at the beginning of the season.

Baseball Champions

Baseball champions from last year were the junior-senior team. Because the seniors were not in school for the pictures the junior team of last year is representative. Mary Reitzel, playing first base, turned in a good account of herself and her abilities, with Barbara Wilson helping her to star.

Fencing

Fencing is a comparatively new activity in the department and two left-handers, Margarita Irle and Elizabeth Bona, stood out in the field. The sport is handled only in the special gym class for the majors and minors in physical education.

Elizabeth Bona and Margarita Irle.

Golf

Increasing the golfing program every year the department this year had three classes, each of which met twice a week for instruction, and in addition were given special tickets to enable them to play at other times at the Allenmore golf course.

Gertrude Soinilla, Jeanne Rosso, Margaret Bowen.

Tennis

The Tennis tournament is being run off by the ladder challenge method. Last spring Mary Reitzel ended up in the top position; but attempts are now being made by Mary Ann Jelusich to dislodge her from that spot.

Mary Ann Jelusich, Louise Claes, Audrey Albertson, Mary Reitzel.
Rosemary DeVoto, Manager.

Archery

Archery is fast developing into one of the most popular of all the sports offered by the department. Ruth Pauline Todd is the only girl remaining in school who was named on the All-Star selections for last year.

Swimming

Inaugurating intersorority swimming in the program for this year the interest in the sport has picked up so that the pool at the YWCA is used for three periods on Tuesdays. Previously only one or two classes have been offered. Two of the hours are now used for regular class instruction and the third is used as a plunge period free of charge to anyone who has passed the physical examination.

FORESTS

The state of Washington is dependent upon its forest resources for many of the things which make life enjoyable and worth while.

Forest land owners very generally desire to keep their properties in a high state of production.

Such an undertaking requires public cooperation in prevention of fire in forest properties, in securing adequate markets at home and abroad for forest products, and in maintenance of equitable systems of taxation.
